📒 PROJECTS

Notebook & Penguin
A single page portfolio website with subtle CSS3 animation, scrolling effects, and contact form.
http://chatrjr.name/projects/np-frost

Zindex
A tiny Sass library for managing z-index and organizing the stack context.
https://github.com/chatrjr/sass-zindex

Yet Another Text Adventure
My first attempt at making a text-based game.
https://github.com/chatrjr/yet-another-text-adventure

🧪 EXPERIMENTS

Not Sure If Float Label
Exploring a form pattern where labels are partially hidden until focus is given.
http://codepen.io/chatrjr/pen/EGHzA

Single Responsibility BEM Final
A somewhat flawed expansion of BEM-style CSS. A concept I fiddled with.
http://codepen.io/chatrjr/pen/txwoI

Typography is Hard
Trying out delayed CSS animation with a bit of humor and self-awareness.
http://codepen.io/chatrjr/pen/clnqg

🏛 Education

Berkeley College—New York
BS, Information Systems 2011

✦ Skills

Accessibility   Performance   Front-end Development

Copywriting   Interface Design   Typography

🔧 Tools

Front-end: XHTML/CSS3/JavaScript
Back-end: Ruby, Python, WordPress
Design: PhotoShop/Illustrator, Inkscape, Scribus, GIMP
Development: Sublime Text, Vim, Git
OS: Windows (XP/7/8), Linux (Mint/Ubuntu)
